## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Kashima (US Patent 3,939,451).

Regarding Claim 1, Kashima discloses a sliding control apparatus including: a cross fader apparatus (Fig. 2); at least one guide rod (rod 22); a slider assembly including at least one partially open passageway for slidably traveling on said at least one guide rod wherein a position of said slider assembly along said at least one guide rod controls said cross fader apparatus (36); and a tension plate mounted adjacent to said at least one partially open passageway so as to bear upon said at least one guide rod (9 and 13, paragraph bridging columns 2 and 3), said tension plate being mounted so as to impinge against said at least one guide rod with a variable amount of force thereby varying frictional resistance between said slider assembly and said at least one guide rod (Kashima discloses a resilient, i.e. variable, element producing friction, Col. 3, lines 3-8).

***Allowable Subject Matter***

3. Claims 2-6 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
